Proud Distributors of

HUYETT SUPPLY CHAIN **SIMPLIFIED**

A menu of services that help you streamline your business processes, from product selection to expert consultation to customized inventory management and shipping.

Leaning Up the Supply Chain

By combining common sense, technology, and the Principles of Lean, we can help you refine your supply chain workflows.

Ease of Use

We create a streamlined supply chain to leverage direct lines of service from our facilities to yours.

Supplier Consolidation

Consolidate suppliers to get the parts you need in fewer shipments with less paperwork.

Distribution Support

Get the best service in the industry from our knowledgeable Customer Service and Nationwide Distribution Support Teams.

Master Distribution

Let us manage the complexities of sourcing, logistics, quality control, inventory, and shipping so you don't have to.

Complete In-House Manufacturing

Need a custom solution? Our state-of-the-art machine shops are designed to meet your exacting specifications.

Custom Packaging Solutions

Customize your packaging options with anything from kitting assembly to part markings to personalized labeling options.

Global Sourcing

Our global supplier reach is constantly growing. Gain access to the highest-quality parts from the world's top producers.

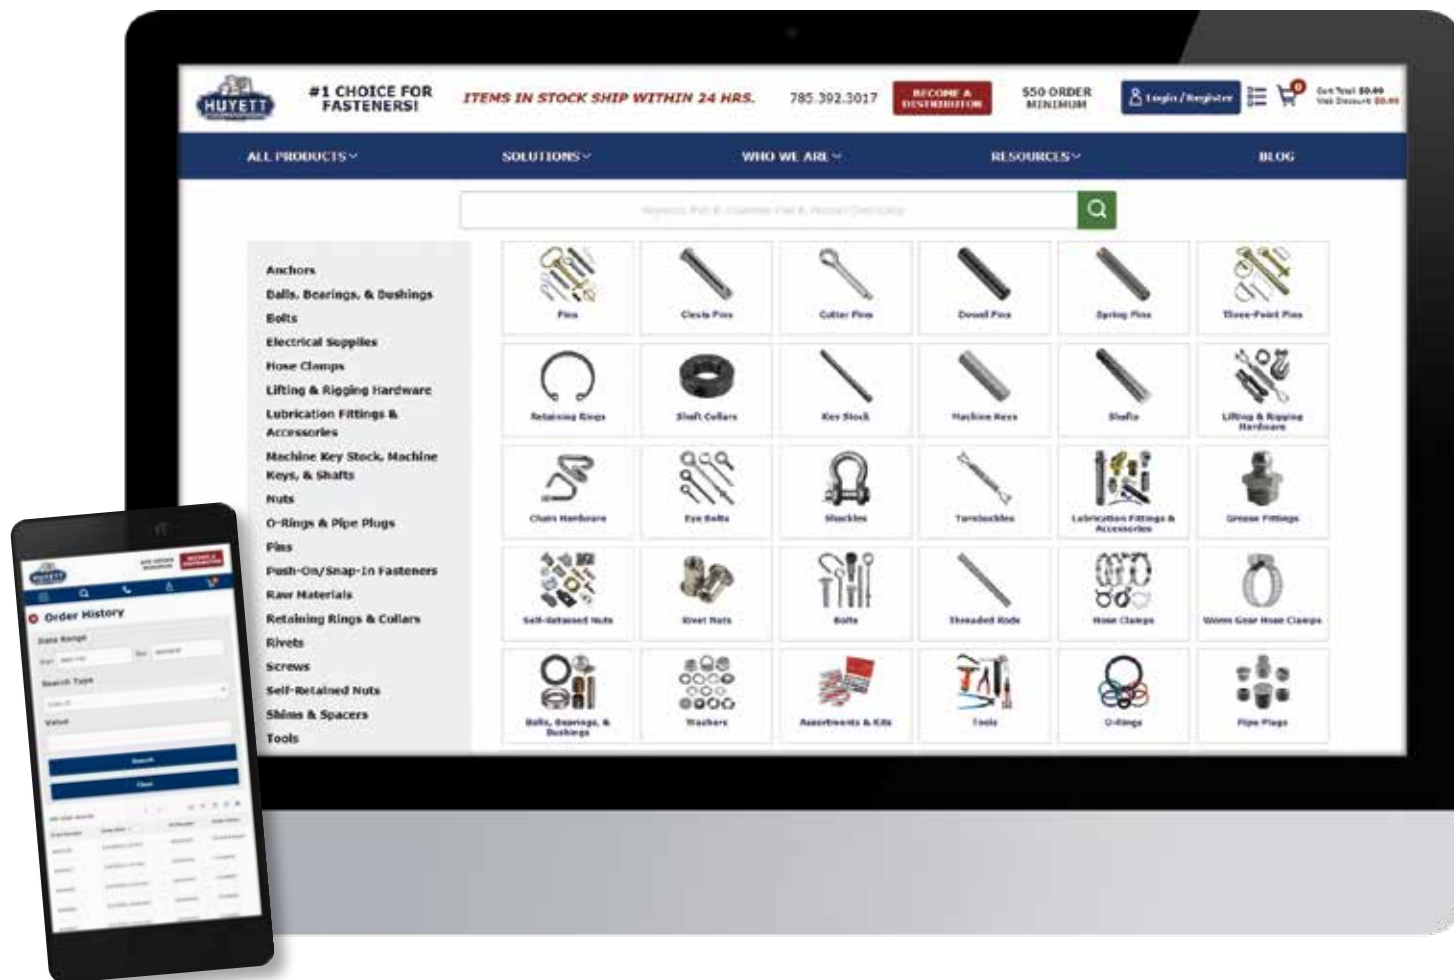

Engineering Support

Huyett's Manufacturing and Engineering Support Teams can assist you in developing simple, efficient solutions.
